

Nonlinear double day 2005

Nonlinear excitations: theory and experiments

March 3-4 2005. Sevilla (Spain)

Organized by the Nonlinear Physics Group of the University of Sevilla

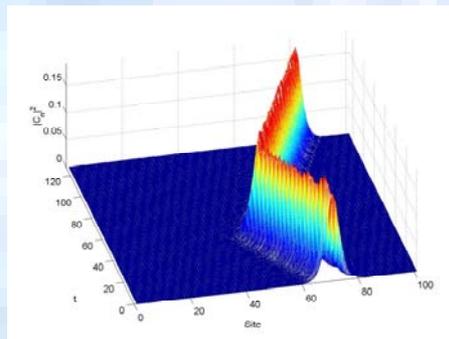

Organizing Committee

Juan FR Archilla, Faustino Palmero, Francisco R Romero

Confirmed speakers

- **Christiansen, Peter L.** *Informatics and Mathematical Modelling, DTU, Lyngby, Denmark.*
- **Cuevas, Jesús.** *University of Sevilla, Spain.*
- **Eilbeck, Chris.** *Heriot-Watt University, Edinburgh, UK.*
- **Fillaux, François.** *LADIR, CNRS-Thiais, France.*
- **Gaididei, Yuri B.** *Bogolyubov Institute for Theoretical Physics, Kiev, Ukraine.*
- **Hennig, Dirk.** *Freie Universität Berlin, Germany.*
- **James, Guillaume.** *University of Toulouse, France.*
- **Johansson, Magnus.** *University of Linköping, Sweden.*
- **Piazza, Francesco.** *Ecole Polytechnique Federale de Lausanne (EPFL) Lausanne, Switzerland.*
- **Pinto, Ricardo.** *Max-Planck-Institut für Physik komplexer Systeme, Dresden, Germany.*
- **Sen, Prasenjit.** *University of Jawaharlal Nehru, India.*

This Workshop aims to review and discuss some of the latest theoretical and experimental developments in the field of nonlinear excitations in discrete systems
